

SALADS

Our days usually start with a stroll around the veg garden, while everything is still crisp and fresh, crunching away on whatever is seasonal.... And then we dream salads!

California

A festive salad with creamy avo, seasonal fruit, crunchy veggies from our garden and a tangy, nutty vinaigrette

Add: Bacon – 30
Coronation Chicken – 30

Wimbledon

That classic combination of crisp leaves, blue cheese, apple, pecans and celery and a blue cheese panna cotta

Add: Bacon – 30
Coronation Chicken – 30

Marrakech

Flavours from the sun! Nutty Quinoa, diced veggies from our garden, our own organic almonds, local olives, feta, and an addictive tahini dressing with cumin and preserved lemon (leave out the feta for a vegan option)
